

Come work as a BI Developer at a growing company that offers great benefits with opportunities to advance and learn alongside accomplished business leaders ... Become a part of our team!

Get to Know Us

Flux Power is a fast-paced, high-growth (40% YoY), publicly traded company (NASDAQ: FLUX) that is leading the adoption of lithium-ion technology solutions. We design, manufacture, and sell advanced lithium-ion battery packs that are disrupting the 100+ year old market for lead acid batteries. Our battery packs are used to power industrial and commercial equipment like forklifts and airport ground support equipment, as well as new applications like solar-powered EV charging stations.

About the Role

BI Developer will be responsible for the upkeep and development of warehouse data to support our business decision-making. The BI Developer builds and maintains a data warehouse design to generate reports on financial and market intelligence to aid in business performance monitoring and business decision making. The BI Developer will have strong working knowledge of business trends and is able to read and analyze product, market, and share trends.

What you Will be Doing

- Analyzing product, market, and share trends to build warehouse data.
- Translating business needs into technical specifications.
- Developing reporting systems that provide accessible information for decision-making.
- Using warehouse data to generate reports to support business decision-making and business performance monitoring.
- Maintaining data analytics platforms.
- Evaluating and improving existing BI systems.
- Conducting troubleshooting on BI models.
- Generating and delivering quality reports to management and performing quality assurance checks on reports.
- Performs other related duties as assigned

What you Will Need

- A Bachelor's degree in computer science, finance, economics, or related field.
- Experience in data warehouse design and data management.
- Experience with Excel Power Query, Python, SQL, both relational and nonrelational databases.
- Working knowledge of BI technologies.
- Strong problem-solving and analytical skills.
- Strong attention to detail.
- Ability to work in a team.
- Good communication skills.

Other Duties

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.

What Can We Offer You for All Your Hard Work?

Benefits

- Medical, dental and vision insurance options
- 401K Plan with company match
- Life Insurance
- Paid Time Off
- Paid Holidays

COVID-19 Precaution(s)

- Personal protective equipment provided or required
- Sanitizing, disinfecting, and cleaning procedures in place

We are committed to a safe, drug-free workplace by performing pre-employment background checks and substance testing.

Notes

- No recruiters, contractors, or consultants, please.
- No relocation assistance or visa sponsorships available for this position.
