

Come work as an FP&A Manager at a growing company that offers great benefits with opportunities to advance and learn alongside accomplished business leaders ... Become a part of our team!

Get to Know Us

Flux Power is a fast-paced, high-growth (40% YoY), publicly traded company (NASDAQ: FLUX) that is leading the adoption of lithium-ion technology solutions. We design, manufacture, and sell advanced lithium-ion battery packs that are disrupting the 100+ year old market for lead acid batteries. Our battery packs are used to power industrial and commercial equipment like forklifts and airport ground support equipment, as well as new applications like solar-powered EV charging stations.

About the Role

The FP&A Manager will work with leadership on financial assessments of projects, opportunities, forecasting business performance, and working collaboratively across the company to provide accounting and financial data, explanations and implement solutions that improve business decisions and financial tracking/reporting.

What you Will be Doing:

- Conduct analysis, prepare, and report data from Company systems as requested.
- Oversee/prepare all Company forecasts.
- Manage direct reports that support the financial analysis activities.
- Oversee preparation of the monthly financial package.
- Work closely with CFO on the development of the FP&A deliverables and the underlying consistent data points, including analysis of new products, supply chain, production, customer support, and all Company KPIs.
- Performs other related duties as assigned.

What you Will Need

- Minimum/required: Bachelor's Degree in Finance, Accounting, or related field.
- 7 years of Finance/Accounting experience in a manufacturing environment preferred.
- Advanced Microsoft Excel skills.
- Understanding of general accounting principles and processes.
- Strong verbal and written communication skills and be proficient in interacting in a cross functional department environment.
- Strong analytical and problem-solving skills, sound judgment, decision making skills and business acumen.
- Strong planning and organizational skills to balance priorities. Ability to produce, read and interpret various financial reports, specifications, and regulations.
- Ability to work in a dynamic environment with multiple priorities and shifting time requirements.
- Excellent multi-tasking and organizational skills for managing multiple issues until resolution.
- Self-motivated, self-starter with a sense of urgency and the ability to work alone and as part of a team.

Other Duties

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.
