

Come work as a Senior Financial Analyst at a growing company that offers great benefits with opportunities to advance and learn alongside accomplished business leaders ... Become a part of our team!

Get to Know Us

Flux Power develops advanced lithium-ion batteries for industrial uses. Flux Power solutions utilize its proprietary battery management system (BMS) and in-house engineering and product design. Flux Power batteries deliver improved performance, extended cycle life and lower total cost of ownership than legacy lead-acid solutions. Flux Power sells primarily to equipment OEMs, their dealers and battery distributors. Current products include advanced battery packs for motive power in forklift equipment, stationary power for solar storage, and airport ground support markets.

About the Role

Flux Power is growing exponentially and needs to strengthen our team to perform accounting functions, assist in report preparation and perform financial and business analysis. The Sr. Financial Analyst will work with leadership on financial assessments of projects, opportunities, forecasting business performance, and working collaboratively across the company to provide accounting and financial data, explanations and implement solutions that improve business decisions and financial tracking/reporting.

What you Will be Doing

- Conduct analysis, prepare, and report data from our ERP system as requested
- Provide daily data on key metrics of the Company
- Work with Sales/Marketing on sales forecast for projected ordering
- Preparation of forecasts
- Oversee preparation of the monthly financial package
- Work closely with CFO on the development of the FP&A deliverables and the underlying consistent data points, including analysis of product, acquisition, and facility proposals
- Other responsibilities as assigned

What you Will Need

- Minimum/required: Bachelor's Degree in Finance, Accounting, or related field
- 5 years of Finance/Accounting experience in a manufacturing environment preferred
- Advanced Microsoft Excel skills
- Understanding of general accounting principles and processes
- Strong verbal and written communication skills and be proficient in interacting in a cross functional department environment
- Strong analytical and problem-solving skills, sound judgment, decision making skills and business acumen
- Strong planning and organizational skills to balance priorities; ability to produce, read and interpret various financial reports, specifications, and regulations
- Ability to work in a dynamic environment with multiple priorities and shifting time requirements

- Excellent multi-tasking and organizational skills for managing multiple issues until resolution
- Self-motivated, self-starter with a sense of urgency and the ability to work alone and as part of a team

Other Duties

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.

What Can We Offer You for All Your Hard Work?

Benefits

- Medical, dental and vision insurance options
- 401K Plan with company match
- Life Insurance
- Paid Time Off
- Paid Holidays

COVID-19 Precaution(s)

- Remote interview process
- Personal protective equipment provided or required
- Temperature screenings
- Social distancing guidelines in place
- Virtual meetings
